ABOUT ME

I'm a multi-disciplinary UX Designer with 10+ years shaping high-scale products across operating systems and diverse industries. I balance blue-sky vision with grounded execution, combining systems thinking, practical delivery, and emerging AI capabilities to anticipate user intent and strengthen complex product ecosystems. Curiosity, empathy, and precision drive me to create elegant, efficient, and enduring design outcomes.

EXPERIENCE

SENIOR PRODUCT DESIGNER

 **Microsoft - Windows** • Aug 2024 - Present

- **Connected Experience & Ecosystem:** Lead UX strategy for Windows cross-device continuity, shaping how users seamlessly move, resume, and complete tasks across PCs, phones, and connected devices.
- **AI-Driven Experience Innovation:** Spearheaded multiple AI-Lead Design exploration sprints and workshops.

HEAD OF DESIGN

 **RED. RED.HEALTH** • Jun 2024 - Aug 2024
